possible preference is given to indigenous goods, whether medicine or other goods. There is a circular that all those goods which are readily available and manufactured in Mysore must be preferred.

MR. SPEAKER.—I will not allow further supplementaries regarding the scope of the order. It is only concerned with the circular issued to that particular institution. You can ask only that.

SRI B. NARAYANASWAMY.—Yes Sir. In answer to (*a*) it has been said that no circular has been given and now the Minister for industries has been pleased to say that there has been a circular.

SRI H. SIDDAVEERAPPA.—I do not say there is a circular. There are general instructions to the Stores Purchase Committee to the effect that whenever we want goods required for Government needs, we must purchase as far as possible goods of indigenous manufacture.

SRI B. NARAYANASWAMY.—Are the Government aware that the Industrial Testing Laboratory Company is saying that they have a circular from the Government to the effect that Heads of Departments should give preference to their articles while purchasing their requirements ?

SRI H. SIDDAVEERAPPA.—If they were to say like that, I will look into it. They have no business to make use of that circular for business purposes.
